

# London School of Theology

*Report & Financial Statements*

YEAR ENDED 31 AUGUST 2016

# From the Principal

*London School of Theology exists to serve the Church of Jesus Christ throughout the world. We do this primarily in three ways.*

First, we educate individuals in theology to the highest standards. This means we are not only interested in academic excellence. We also believe that if our students do not leave LST more in love with Jesus and committed to his word then we have failed in our objectives. So our theological education is rooted in worship and in Christian community.

Second, we equip local churches. LST is known as a place where there are innovative courses on offer in Theology, Theology & Counselling and Theology, Music & Worship. However, we recognise that most Christians will not do a course in Theology. We seek to equip local churches in multiple ways, through evening public lectures, partnership in mission, including offering students for placements. Our faculty and staff are regularly engaged as teachers and preachers in local churches across the country and across the world.

Third, we engage in world class scholarly research. This, of course, includes our PhD, MPhil and MTh research programmes, but even more critically, it includes the publication and research of our faculty. In so doing LST is not simply seeking to engage

in academic publication. We are also seeking to contend for the faith. We want to publish books which shape opinion, and to think deeply about the complex issues facing the church in this generation.

I come to LST at a time when there is a real sense of God moving among us after a period of challenge. I am excited about all that lies ahead for LST as we move towards our 75th year of operation.

Please continue to pray for us and to partner with us in this great mission.

## Vision, values & mission

London School of Theology is an evangelical academic learning community called to equip and encourage one another to be disciples of Jesus Christ.

Our vision is for people of faith, called to Christian discipleship, to be equipped academically and spiritually to accomplish their vocational aspirations for the construction of God's Kingdom.

Our mission is to provide an Academy of excellence where spirituality and scholarship combine in a broad range of accessible learning programmes for the formation of tomorrow's Christian leaders.

Our values lead us in everything we do. We are passionate about developing the academic and spiritual potential to build God's Kingdom in the mission-field or the marketplace.

It is our aim to equip Christians from diverse church backgrounds and global contexts to express the message and love of Jesus wherever he calls them and in whatever task. We achieve this through developing Biblical thinking, nurturing Christian faith, encouraging creative integration of Biblical learning, supporting dynamic innovation in Christian research, pursuing Christian excellence and academic discipline.

*"Our vision is for people of faith, called to Christian discipleship, to be equipped academically and spiritually to accomplish their vocational aspirations for the construction of God's Kingdom."*

# What we achieved in 2015/16

---

## LST GRADUATED **72 UNDERGRADUATE** LEVEL QUALIFICATIONS.

*(Certificate, Diploma and BA Degree) in Theology, Theology & Counselling, Theology, Music & Worship and Theological Studies (distance learning).*

---

Three Levels, across four programmes designed to train those looking to learn more about their faith. LST's programmes bring the opportunity to study the Bible in greater depth, with world-class scholars. Studying in a unique environment alongside students from all over the world and different denominations, each bringing their own perspective into the lecture hall.

The BA in Theology at LST is designed for people called with a view to serving churches, missions, schools and society at large. The programme is academically rigorous and enables you to gain a deeper understanding of Scripture and its relevance to the world around you. It addresses our changing cultural and intellectual climate and how the Christian faith relates incisively, relevantly and practically to society.

---

## LST GRADUATED **29 POSTGRADUATE** LEVEL QUALIFICATIONS.

*(Certificate, Diploma and BA Degree) in Theology, Theology & Counselling, Theology, Music & Worship and Theological Studies (distance learning).*

---

Postgraduate study at LST equips students with qualities of understanding, discovery, depth and determination. When they leave LST, Graduates are enabled to teach others and make a positive difference in their lives; it opens up significant employment opportunities in academia, Christian leadership and the professional world.

Each year up to 30 postgraduates graduate from LST and take up leadership roles all over the world. The majority of LST graduates can

be found teaching in churches, seminaries and university faculties around the world. Many have gone on to publish their thesis and develop writing careers. Others are well-known public speakers and denominational leaders whilst some have even gone on to establish think-tanks or become diplomats. As part of a larger student body of over 350 students from all over the world, of different ages and from various church denominations, LST's postgraduate centre is a unique and exciting place to study.

---

## LST GRADUATED **11 RESEARCH** QUALIFICATIONS.

*LST graduated postgraduate research students across the Master of Theology, Master of Philosophy and Doctor of Philosophy.*

---

The purpose of a research degree is to establish and demonstrate competence in a theological discipline via a thesis project. The discoveries made by research students contribute not only to their personal growth but also to that of the community that they will be serving.

Those taking a research programme at LST are expected to demonstrate critical knowledge of the main scholarly contributions to their chosen field; to show that they can test critical hypotheses by the methods appropriate to their

discipline; and to provide a comprehensive and disciplined study of their research areas.

Research degrees are not taught courses, although students may be asked to take a course of guided reading or attend some relevant classes. Research students are assigned one or two supervisors (the number of supervisors depends on the topic) who have suitable expertise, and who will guide and advise them in their research.

---

## WE **NURTURE & SUPPORT** OUR STUDENTS

---

LST is at the forefront of theological education designed to equip Christians for real life in the real world. Today, more than ever, there is a need to train Christians to understand the Bible and learn how to apply this to the world around us. That is why we have a range of Bursary funds set up and supported by generous benefactors who have a heart to help students in need of financial assistance.

In 2015/16, LST made grants to students. These funds enable financially challenged students to complete their courses and secure the launch pads for their work in ministry and beyond.

In 2016/2017, we aim to continue providing financial support for students in need.

---

## LST IS A **KINGDOM RESOURCE**

---

LST is the perfect location to escape the hustle and bustle of city life, yet within easy reach of central London, St Albans, Windsor and Oxford. Central London is just 30 minutes away by Tube (Metropolitan Line).

We make our wide range of seminar rooms, excellent catering, comfortable accommodation and space to relax available

at competitive rates for churches, charities and Christian organisations.

In 2015/2016, LST welcomed conference groups from all over the world such as AIM International, World Harvest Mission and Global Connections.

# What our students say...

## Benjamin Hammond

**I** chose LST not only because of its great academic reputation, but also because of its focus on the gospel, and its heart for God.

Studying there gave me a university validated qualification, taught by some of the finest faculty in the theological

world. But that was not all: the community at LST is perhaps the biggest bonus.

Developing an insight into who God is and studying His word is so much more engaging when you are surrounded by friends, staff, and lecturers who you can discuss with. These are people who I will remember and cherish for the rest of my life. Living in the LST community, participating in student body events, and getting to worship and pray together was a great way to keep Jesus Christ at the centre of both the college's life, and our personal lives.

Along the way I had a lot of fun, I made some great friends, and, I met an incredible girl who I fell in love with. I also developed practical skills through placements which really enhanced my time at LST. My personal tutors always helped with my academic queries, advice on choosing options, and were there to give encouragement and support. I'll never forget my time at LST.

## Rachel Bennett (nee Wallace)

**H**aving graduated with a nursing degree, I desired to be able to sit with people at their worst and not only care for them physically but care for them spiritually and pastorally. My time as a student nurse brought up many theological questions and frustrations of not knowing the answers to the questions I had. I chose LST not only because it had a creditable academic reputation, but because it provided a course that would enable me to study theology and apply it practically through journeying with people in some of their most difficult life situations.

Throughout my 3 years, I learnt from many brilliant and diverse lecturers who encouraged questions and unpacked many different view points. They challenged my worldview and helped me to explore life's narrative. Not only was the teaching enriching but living in community was an experience I will always treasure.

Whilst the community was a lot of fun, more importantly, it allowed me to grow and develop as an individual, learning what it meant to pursue holiness, keeping Jesus at the centre. My final year was the most formative as I delved deeply into systematic theology and wrote a project on the well-known 'selfie' craze. I had an amazing and dynamic supervisor who helped me see potential in the questions I asked yet continued to challenge me to go deeper. I leave transformed, equipped and excited for how God has prepared me, through my time at LST, to serve him!

# Plans for 2016 - 17

*In 2016/2017, we aim to revalidate all our Research programs across all levels, as well as some of our other key courses. Alongside this, we are aiming to make a series of upgrades to student accomodation, boilers, heating systems and classrooms around LST.*

YEAR ENDED 31 AUGUST 2016

---

### Introduction

The Governors, who are the trustees and directors of the London School of Theology, have pleasure in presenting their report and the financial statements for the year ended 31 August 2016.

### Statement of Governors' responsibilities in preparing the accounts

Company law requires the Governors to prepare financial statements for each financial year that give a true and fair view of the state of affairs of the charitable company and of the surplus or deficit for that period. In preparing those financial statements, the Governors are required to:

- Select suitable accounting policies and then apply them consistently;
- Make judgements and estimates that are reasonable and prudent;
- State whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- Prepare the financial statements on a going concern basis unless it is inappropriate to presume that the charitable company will continue in business;
- Follow the methods and principles of the Charities SORP.

The Governors are responsible for maintaining proper accounting records, which disclose, with reasonable accuracy at any time, the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the charitable company and hence for taking reasonable steps for prevention and detection of fraud and other irregularities.

##### Methods of Recruitment of Trustees

The Charity draws on its wide range of supporters and former students, from whom trustee candidates with the required experience and skills are sought. It is the Charity's aim always to maintain a broad representation among its trustees, in terms of their financial, interpersonal, cultural, business skills and religious commitments.

##### Methods of Appointment

Once potential trustees have been identified, and following a discussion at a meeting of the Board of Governors, the candidates are asked to submit a CV for consideration at the next Board meeting. Once candidates have been accepted by the Board and have confirmed their agreement to the Charity's Doctrinal Basis statement, they are usually co-opted onto the Board. Subsequently, at the next AGM they formally stand for election as a Company Member (if required) then stand for election as a Governor for a three year term.

##### Training and induction provided for trustees

Our trustees will already be familiar with the ethos and working practices of the Charity but each new trustee is personally briefed about their role. In the past the Charity has arranged professional outside training for all trustees. Trustees are also asked to access the Charity Commission's website on a regular basis. Trustees are encouraged to attend and to be involved in the Charity's activities throughout the year.

**GOVERNANCE AND MANAGEMENT OF THE CHARITY (Continued)**

**How the Charity is managed**

The Board of Governors meets four times a year to consider all matters pertaining to the governance of the Charity. The main operating sub-committee is the Finance & General Purposes Committee (F&GP), which was chaired by Mr Steve Hughes and manages the Charity's fiscal and business affairs under its devolved responsibility from the Board. In addition, there is a Bursaries Committee and a Pensions Committee, the former being chaired by the Executive Director, and the latter by a Pensions Trustee.

The Senior Leadership Team (SLT) is the day-to-day decision-making body of the Charity, covering its full life and operations. The SLT meets regularly, was chaired by the Executive Director until the end of 2016, and is accountable to the Board of Governors.

Salaries of key staff are reviewed from time to time taking into account pay in comparable organisations and the finances of the Charity.

On academic matters arising from the Charity's work in providing higher education courses, the Charity has an Academic Board that is chaired by the Academic Dean and to which various academic sub-committees report.

**THE PURPOSE OF THE CHARITY**

Trustees consider that the Charity's aims, objectives and activities as described below demonstrate proof of public benefit in the advancement of religion and in the advancement of education. A small number of research students who commenced their study programs prior to the commencement of the School's partnership with Middlesex University continue to be registered with Brunel University.

The School is a member of the Evangelical Alliance, Global Connections (the Evangelical Missionary Alliance), the Association of Bible College Principals, the Association of Bible College Bursars and the European Evangelical Accrediting Agency.

**Risk Management Statement**

The Charity's risk management strategy continues to be reviewed regularly, identifying the potential effects of major risks affecting the Charity.

The Board of Governors' F&GP Committee reviews and monitors risk on a regular basis, taking direction from the risk evaluation undertaken by the school's departments during the year through a risk matrix. It seeks to mitigate or transfer identified risks on an on-going basis. The Risk Matrix and Management Warning Indicators, which are part of the Charity's Risk Management Policy, are reviewed during the year, and updated to provide a robust reporting system in a range of risk areas. The primary risk which has been facing the School has been financial and this has been addressed via a strategic review and a streamlining of activities, the sale of land to create a reserve to be invested to provide investment income and to set funds aside to meet pension obligations, and proactive recruitment of students.

The Emergency Procedure document is reviewed within the year and adapted as required. Firm contacts have been made with similar institutions in the locality, who have agreed in principle to provide emergency support/space/facilities on a reciprocal basis in the event of a major disaster.

The Charity purchases appropriate insurance products to protect its assets and operations.

During 2015/16, the School has actively monitored its investment risk taking advice from its actuaries and investment fund managers. The F&GP Committee reviews the investments on a quarterly basis.

### **GOVERNORS' REPORT (continued)**

**YEAR ENDED 31 AUGUST 2016**

---

#### **THE OPERATION OF THE CHARITY RELATIONSHIPS AND AFFILIATIONS (continued)**

General access to key policy documents is provided on the School's intranet site.

##### **Dependence on Volunteers**

The Charity is reliant on the continuing voluntary commitment of the trustees, as well as other volunteers who have helped in a number of ways around the school. Students also volunteered in areas such as the library.

##### **Facilitating Access to Christian Theological Education**

The Charity operates twelve separate restricted bursary funds. The Charity's policy is to award grants on the basis of demonstrable financial need, subject to any restrictions imposed by the original donors of the funds. Award decisions are made by the Charity's Bursary Committee.

#### **THE FINANCES OF THE CHARITY**

Taking into consideration the Charity's facilities and the high standard of education provided, fees for the educational programs are set at a level that is commensurate with other independent theological schools and colleges.

Through advice and assistance, students facing financial pressures are assisted and encouraged to seek support from potential external sources. The Charity also has limited bursary funds available to assist those students in financial difficulties to complete their studies. To enable certain postgraduate students to access the School's programs, it operates a discount fee rate for UK, EU & EEA countries as well as for international students from low-income countries.

The Charity is a designated alternative provider of higher education and can therefore receive student loan funding from the UK Government. It is also an approved institution for the US Federal Student Aid Direct Loan program. The new Integrative Theology program is also approved by the UK Skills Funding Agency so students can potentially receive professional and career development loans.

##### **Reserves**

The total Unrestricted Funds amount to £10.214m (2015: £1.881m) before accounting for the pensions reserve deficit of £1,425k (2015: £761k). Included in these funds are functional fixed assets valued at £1.075m. Free reserves thus stand in surplus by £7,714k (2015: £813k).

This level of reserve exceeds the 20% target of annual unrestricted Funds expenditure. In order to achieve this target the School has developed and is implementing a strategy to return regular surpluses based on the introduction of new and stream-lined programs, improved operational efficiency and the establishment of an endowment fund from the sale of site proceeds.

The value and purposes of the School's various restricted funds are set out in note 11.3. The Trustees make use of these funds as opportunities arise.

##### **Investments**

Over the year the value of the School's fixed asset investments increased by £135k to £1,580k (2015: decrease of £20k). The investments are held in Charinco and Charishare Tobacco-Restricted units, which excludes investment in tobacco companies.

The School's investment objectives are to provide Long-term growth of both capital and income. These objectives form part of the contract with the fund managers, BlackRock. The investments are reviewed quarterly by the F&GP Committee, who also meet with BlackRock as required.

Within the year there have been no material policy changes in the way that the Charity conducts itself in order to achieve its objectives.

The School's investments are held in managed funds designed specifically for charities. The Charity chooses not to invest in industries that are in conflict with the Charity's ethos. The Charity continues to monitor the issue of ethical investment.

##### **Financial Results**

Overall income increased from £4,222k to £11,754k. Incoming resources included exceptional gains on disposal of surplus land amounting to £8,850k (2015: £1,213k).

**THE FINANCES OF THE CHARITY (continued)**

Expenditure in total increased slightly from £3,312k to £3,351k.

The SOFA shows an operational deficit, excluding the gains on disposal of land, of £448k (2015: £303k).

There were unrealised gains on investments of £135k (2015: loss £20k).

There were actuarial losses of £709k (2015: gains £293k). These combined resulted in a total net movement in funds surplus of £7,829k.

The School's funds have been applied for the purpose of the principal activity.

**INDEPENDENT AUDITORS**

A resolution was made at the AGM in 2016 to reappoint haysmacintyre as auditors to the Charity. This appointment and the auditors' remuneration will be reviewed again at the AGM in 2017.

**Statement of disclosure to Auditors**

As far as the Trustees are aware:

- There is no relevant audit information of which the Charity's Auditors are unaware.
- Trustees have taken all steps that they ought to have taken as trustees in order to make themselves aware of any relevant audit information and to establish that the Charity's Auditors are aware of that information.

**1. COMPANY STATUS**

London School of Theology is a charitable company incorporated in England and Wales. Further company information can be found on page 08.

London School of Theology is a company limited by guarantee and not having a share capital. The members have each undertaken to contribute such a sum as may be required, not exceeding £1, in the event of the company being wound up.

The London School of Theology is also a registered charity and as such is exempt from Corporation Tax on its charitable activities.

**2. ACCOUNTING POLICIES**

The financial statements have been prepared under the historical cost convention and in accordance with applicable accounting standards and the Statement of Recommended Practice Accounting and Reporting by Charities (SORP 2015), the Companies Act 2006 and FRS102 the Financial Reporting Standard applicable in the UK and the Republic of Ireland.

London School of Theology meets the definition of a public benefit entity under FRS 102. Financial statements have been prepared under the historical cost convention. The comparative figures in these financial statements relate to the year ended 31 August 2016.

Having reviewed the funding facilities available to the School together with the expected ongoing demand for places and the School's future projected cash flows, the Governors have a reasonable expectation that the School has adequate resources to continue its activities for the foreseeable future. Accordingly, they continue to adopt the going concern basis in preparing the financial statements.

(a) *Basis of accounting*

The financial statements are prepared under the historical cost convention which has been modified to include the revaluation of fixed asset investments.

(b) *Fees and similar income*

Fees receivable and charges for services and use of premises are accounted for in the period in which the service is provided. Fees receivable include contributions received from Restricted Funds for scholarships, bursaries and other grants.

(c) *Legacies*

Legacies receivable are credited to the Statement of Financial Activities only to the extent that the 3 principles of entitlement, probability and measurability can be applied.

(d) *Donations and Fund accounting*

Donations under Gift Aid are included in the Statement of Financial Activities inclusive of any tax recoverable. Donations received for the general purposes of the charity are included as Restricted Funds. Donations whose application is restricted by the wishes of the donor are taken to Restricted Funds and donations that are required to be retained as capital in accordance with the donor's wishes are accounted for as Endowments. Designated funds are those funds set aside by the Trustees out of the Unrestricted Funds for a particular purpose.

2. ACCOUNTING POLICIES (continued)

(e) *Expenditure*

Resources Expended are accounted for on an accruals basis. Certain expenditure is apportioned to cost categories based on the estimated amount attributable to that activity in the year. These include some specific costs and the following larger cost areas.

The Administration Department activities cover supporting teaching and students as well as administering the charity. 5% of the Administration Department's staff costs are charged to the Governance of the charity.

The Communication Department activities cover the issue of information to prospective students as well as publicising the charity for fundraising purposes. 20% of the Communication Department's costs are charged to fundraising and publicity.

Catering & Housekeeping costs are apportioned between the following activities at the given percentages, based on the estimated use of these resources during the year.

***Raising Funds***

Fund-raising trading costs - 2%

***Charitable activities***

Education - 94%

Conferences - 4%

Other administration and IT costs and Property & Services costs are apportioned between the following activities at the given percentages:

***Costs of generating funds***

Costs of generating voluntary income - 2%

Fund-raising trading costs - 0%

***Charitable activities***

Education - 96%

Conferences - 2%

(f) *Recognition of liabilities*

Liabilities are recognised in the period to which they relate. Shortfalls in anticipated future pension scheme commitments are calculated on the basis of assumptions stated in Note 13. Constructive obligations under pension arrangements are also recognised as liabilities.

(g) *Grants and bursaries*

Grants and bursaries from Restricted Funds are included as expenditure in the period in which the award is given.

(h) *Investments and investment income*

Investments are stated at the middle market price at the balance sheet date. Realised increases or decreases in the value of these investments are shown as realised gains or losses in the statement of financial activities.

Investment income is accounted for in the period in which the charity is entitled to receipt.

(i) *Interest receivable*

The cash holdings of the special funds are held in the general fund bank accounts. The interest receivable on these balances is based on each of the special funds holdings at the balance sheet date and transferred to the individual special funds as income in that year.

**2. ACCOUNTING POLICIES (continued)**

(j) *Tangible fixed assets*

All assets are included at cost and capitalised only where the value is greater than £500. As property is shown at cost, detailed impairment reviews as defined by Financial Reporting Standard 15 are not carried out as permitted under the charity Statement of Recommended Practice.

Depreciation is calculated (except on freehold land) to write off the cost of buildings and tangible fixed assets on a straight-line basis over their estimated useful lives. Rates for fixed assets are applied as follows:

Land	0%
Buildings	2%
Fixture and fittings	10%
Equipment	20% - 25%
Computers	33%

A depreciation rate on the building element of the properties has been introduced which reflects the anticipated active life of the existing structures. The Governors are, nevertheless, of the opinion that the residual value of the School's freehold buildings is substantially in excess of the present book value.

Leasehold properties are depreciated over the remaining life of the lease.

(k) *Stock*

Stocks of catering and supplies are valued at the lower of cost and net realisable value.

(i) *Exchange gains and losses*

Transactions designated in foreign currencies are translated at the rate prevailing on the date of the transaction. Balances denominated in foreign currencies are translated at the rate prevailing at the balance sheet date.

(m) *Operating leases*

Operating lease premiums are spread on a straight-line basis over the lease term.

(n) *Pension costs*

**Defined Benefit Scheme**

Contributions to the defined benefit scheme are charged to the statement of financial activities on the basis of the current service cost as reported by the scheme actuaries under FRS 17.

**Defined Contribution Scheme**

Contributions payable to the defined contribution pension scheme are charged to the statement of financial activities in the period to which they relate.

(o) **Critical sources of estimation uncertainty and accounting judgements**

The governors consider there to be the following key sources of estimation uncertainty and have therefore applied judgement:

**Useful lives of fixed assets**

The useful lives over which fixed assets are depreciated are estimated by reference to historical experience of the times assets are retained and utilised by the school.

**14. PENSION COMMITMENTS**

The School operates two pension schemes for its employees; the London School of Theology Pension and Assurance Scheme ("the Defined Benefit Scheme"), which is a defined benefit occupational pension scheme and a Group Personal Pension (GPP) which is a defined contribution arrangement.

The Defined Benefit Scheme is closed to new members. Employees who joined the School after 1 April 2000 are offered membership of the Group Personal Pension (GPP). The assets of the Defined Benefit Scheme are held separately from the assets of the School and are administered by Trustees and managed professionally. The assets of the Group Personal Pension are held separately from the assets of the School and are managed professionally.

Under the Group Personal Pension (GPP) the School pays contributions to personal pension policies for pensionable employees who joined the School after 1 April 2000. The pension cost charge represents contributions payable by the School to the personal pension policies and amounted to £105,658 (2015: £121,529). At 31st August there were no outstanding contributions (2015: £Nil) payable to the personal pension policies.

The remainder of this note relates to the pension costs for the Defined Benefit Scheme determined in accordance with the accounting standard FRS 17 as amended by Accounting Standards Board December 2006, amendment. The contributions to the GPP are accounted for on a cash accruals basis in addition to the costs shown below.

The Defined Benefit Scheme is administered by Barnett Waddingham LLP in accordance with the rules and valuations of that fund. Before the scheme closed to future accruals in the year, contribution rates for employees were 6% of pensionable salary. Employer contributions were 14.1% of pensionable salary. Additional contributions of £80,000 were made in the year. Barnett Waddingham LLP have provided actuarial advice to the Governors.

**Non Scheme Pension Provision**

In addition to the Scheme liabilities there is a potential liability of £72,000 (2015: £72,000) for discretionary pension benefits if such payments continued to be made over the lives of the beneficiaries at the present rate. These beneficiaries may include retired members of staff who are not members of the Scheme. These benefits are paid from the School's general fund and not from the Scheme itself.

The Scheme's net liability of £1,353,000 plus the non-scheme provision of £72,000 results in a reserve deficit of £1,425,000.
