Notes on Fees and charges

1. Programme Fee

- a. Students registering in October will be invoiced for the full year fees annually. Students registering in February will be invoiced in February on a pro-rata basis in the first academic year. Students will then be invoiced for the next full year in October and annually thereafter.
- b. All fees are subject to annual increases.

2. Subsidized Programme Fee Rate

- a. A reduced programme fee rate applies to students of the UK, other EU countries and to students carrying a passport of countries with a lower-middle Gross National Income (GNI) according to the World Bank.
- b. For students commencing in 2024-2025 the subsidized programme fee applies to countries with a GNI of less than \$4,515 in July 2023. On request the School accounts department (accounts@lst.ac.uk) can provide a list of these countries.
- c. Students from countries for which the standard rate is applicable, who then become UK citizens during their course will be charged at the subsidized rate from the start of the next academic year after becoming UK citizens. For the purposes of deciding subsidised rates the marker used by the school to determine citizenship status is the country issuing the passport held by the student.

3. Suspension of Registration

- a. Students do not pay fees for the duration of a suspension of registration.
- b. Any prepaid fees will be carried forward for the period of resumption of registration.
- c. An administration fee of £100 is charged for applying for a suspension of registration.
