**12. Programme structure (levels, modules, credits and progression requirements)**

**12.1 Overall structure of the programme**

The Cert HE Theology integrates throughout the programme three complementary strands of theological thinking: Biblical Studies; Christian History, Doctrine and Theology; and Christian Life, Ministry and Mission in Contemporary Society. Students will also be offered the opportunity to engage other disciplines from a theological perspective at level 4 through 2 optional Liberal Arts modules. The programme is studied full-time over 1 year or part-time over 2 years. Study is undertaken at one Level. The certificate award requires achievement of 120 credits at Level 4.

Compulsory modules ensure that all students have a secure grounding in core features of all three theological strands.

#### 14. Information about assessment regulations

LST uses a 0-100 marking system for assessed work.

#### 15. Placement opportunities, requirements and support (if applicable)

All students undertake a supervised placement during Level 4 (TH4012 Placement 1). Placements are overseen by LST's Vocational Services Department. Details relating to placement identification, organisation, supervision and ongoing support can be found on LST's VLE. Modular requirements include the completion of a minimum number of placement hours and submission of supporting paperwork. Students are supported by Vocational Services throughout their placement with initial training, regular communications, mid-year assessment and 1-1

interviews. Placement supervisors are supported with initial training, seminars, regular communications and 1-1 meetings when necessary.

#### 16. Future careers (if applicable)

The Cert HE programme provides provision for future progression for further academic study in theology, biblical studies, theology and liberal arts, and related disciplines; by developing understanding and skills applicable to local church ministry both within the UK and internationally; and by gaining deeper biblical and theological understanding relevant to a broad variety of careers in para-church or professional contexts.

#### 17. Particular support for learning (if applicable)

Students with disabilities are welcome at LST. Students with any physical difficulty, long-term medical condition, sensory impairment or specific learning difficulty (e.g., dyslexia) are invited to contact the School's Equality, Diversity & Disability Adviser in order to obtain information about special educational provision. It is important to make such needs known at the earliest opportunity, to ensure that due provision is made. Please see Critical Review Document for further information on Access and Participation.

## 12. Programme structure (levels, modules, credits and progression requirements)

### 12.1 Overall structure of the programme

The Dip HE Theology integrates throughout the programme three complementary strands of theological thinking: Biblical Studies; Christian History, Doctrine and Theology; and Christian Life, Ministry and Mission in Contemporary Society. Students will also be offered the opportunity to engage other disciplines from a theological perspective at level 4 through 2 optional Liberal Arts modules. The programme is studied full-time over 2 years or part-time over 4 years. Study is undertaken at 2 Levels. The diploma award requires achievement of 240 credits consisting of 120 credits at each of Levels 4 and 5. Students may enter directly into Level 5 or be exempted from part of Level 4 with appropriate prior learning and/or experience. Students may exit after successfully completing Level 4 with CertHE or after successfully completing Level 5 with DipHE.

Compulsory modules ensure that all students have a secure grounding in core critical features of all three theological strands, while optional modules provide students with the opportunity to enhance their studies within one or more of the theological strands. The programme is designed to enable students to progressively specialise in areas of specific interest and take increasing responsibility for their own learning. Hence the decrease in compulsory credits from 120 at Level 4, to 80 at Level 5. Levels 4 and 5 include a compulsory module that includes practical experience and placements.

#### 14. Information about assessment regulations

LST uses a 0-100 marking system for assessed work.

### 15. Placement opportunities, requirements and support (if applicable)

All students undertake a supervised placement during Level 4 (TH4012 Placement 1) and Level 5 (TH5008 Placement 2). Placements are overseen by LST's Vocational Services. Details relating to placement identification, organisation, supervision and ongoing support can be found on LST's VLE. Modular requirements include the completion of a minimum number of placement hours and submission of supporting paperwork. Students are supported by Vocational Services throughout their placement with initial training, regular communications, mid-year assessment and 1-1 interviews. Placement supervisors are supported with initial training, seminars, regular communications and 1-1 meetings when necessary.

### 16. Future careers (if applicable)

The Dip HE programme provides excellent preparation for further academic study in theology, biblical studies, theology and liberal arts, and related disciplines; by developing understanding and skills applicable to local church ministry both within the UK and internationally; and by gaining deeper biblical and theological understanding relevant to a broad number of careers in para-church or professional contexts.

### 17. Particular support for learning (if applicable)

Students with disabilities are welcome at LST. Students with any physical difficulty, long-term medical condition, sensory impairment or specific learning difficulty (e.g., dyslexia) are invited to contact the School's Disability Officer in order to obtain information about special educational provision. It is important to make such needs known at the earliest opportunity, to ensure that due provision is made.

### 9. Criteria for admission to the programme

The programme uses the University's standard entrance requirements which is 64 UCAS tariff points, plus 3 different GCSE passes of grade C or higher (or equivalent qualifications). For mature students, LST is additionally willing to recognise informal qualifications or learning experience.

LST normally interviews all prospective students, with interviews via video call for those living at a distance (for example for students studying online).

Those whose first language is not English or who were not educated in English are normally required to have a mark of 6.5 or better in the IELTS test (or equivalent in other tests).

### 10. Aims of the programme

The programme aims to:

1. Foster a critical and synthetic understanding of the Bible, Christian theology, thought, history, mission and traditions at an advanced level, and to relate this knowledge relevantly, widely and practically to the Church and contemporary society.
2. Develop academic, theological, biblical and practical skills at an advanced level to enable engagement with and serve society, church and the academy.
3. Facilitate personal spiritual growth and maturity and to develop and deepen understanding of the Christian faith in a global context.
4. Encourage students to critically and synthetically integrate their knowledge and skills in a wide range of areas in order to equip them for lifelong reflective learning and practice

**11. Programme outcomes**

**A. Knowledge and understanding**

On completion of this programme the successful student will have analytical and critical knowledge and understanding of:

1. The Christian Scriptures, theology, heritage and tradition, and key concepts in the core disciplines of biblical studies and historical, systematic and practical theology.
2. Various critical methods and theories for the analysis and interpretation of and theological reflection on the Christian Scriptures and tradition.
3. Relevance of evangelical theology and practices in relation to various contemporary and global contexts.
4. A variety of approaches to the understanding of personal growth, character education and spiritual formation in relation to moral value systems.

**Teaching/learning methods**

Students gain knowledge and understanding through:

1. Lectures, presentations, seminars and discussions
2. Forum discussions and other online activities on our Virtual Learning Environment (VLE)
3. Guided and independent reading, preparation and study
4. Workplace placements

**Assessment methods**

Students' knowledge and understanding is assessed by:

1. Essays, portfolios, exams and tests
2. Written reflections and oral presentations
3. Forum discussions

**B. Skills**

On completion of the programme the successful student will demonstrate abilities to:

1. Use appropriate methods and approaches to critically analyse and interpret primary and secondary sources and data in relation to ancient and contemporary contexts.
2. Integrate the different theological and associated disciplines studied in a synthetic and critical way.
3. Engage and evaluate different views and opinions to determine and support independent conclusions.
4. Relate theological understanding in relevant ways to one's own life and the lives of others in church and society.
5. Evidence ability to sustain and develop spiritually as a person in relation to others and society.
6. Organise learning to acquire and relate knowledge to new situations and engage creatively, both independently and in collaboration with others, in complex problem solving.
7. Communicate complex knowledge and skills clearly and effectively in oral, written and electronic forms.
8. Identify and use computer technology and social/digital media effectively to access, process and communicate material, resources and information.

**Teaching/learning methods**

Students learn skills through

1. Placements and field trips
2. Skills taught and modelled in lectures and in online module materials
3. Engagements with assessment tasks
4. Individual reading and theological reflection
5. Seminars, presentations and discussions
6. Videos and other multimedia input

**Assessment methods**

Students' skills are assessed by

1. Essays, portfolios, exams and tests
2. Written reflections and oral presentations
3. Placement supervisors' feedback

## 12. Programme structure (levels, modules, credits and progression requirements)

### 12.1 Overall structure of the programme

The BA (Honours) Theology integrates throughout the programme three complementary strands of theological thinking: Biblical Studies; Christian History, Doctrine and Theology; and Christian Life, Ministry and Mission in Contemporary Society. Students will also be offered the opportunity to engage other disciplines from a theological perspective at level 4 through 2 optional Liberal Arts modules. The programme is studied full-time over 3 years or part-time over 6 years. Study is undertaken at 3 Levels. The degree award requires achievement of 360 credits consisting of 120 credits at each of Levels 4, 5 and 6. Students may enter directly into Level 5 or Level 6 or be exempted from part of Level 4 with appropriate prior learning and/or experience. Students may exit after successfully completing Level 4 with CertHE or after successfully completing Level 5 with DipHE.

Compulsory modules ensure that all students have a secure grounding in core critical features of all three theological strands, while optional modules provide students with the opportunity to enhance their studies within one or more of the theological strands. The programme is designed to enable students to progressively specialise in areas of specific interest and take increasing responsibility for their own learning. Hence the progressive decrease in compulsory credits from 120 at Level 4, through 80 at Level 5 to 40–60 at Level 6. Increased specialisation culminates in the 20 or 40 credit Integrative Theology Project at Level 6, that allows students to select their own topic and prepares the ground for dissertation-based study at M Level. Levels 4 and 5 include a compulsory module that includes practical experience and placements.

A student registered for the BA Honours degree who has failed to achieve Third Class Honours may be recommended for the award of the Ordinary degree if the students weighted average for Level's 5 & 6 is 35 or more (after re-assessments), and the student has passed at least 300 credits of modules, of which 60 credits must be Level 6.

#### 14. Information about assessment regulations

LST uses a 0-100 marking system for assessed work.

#### 15. Placement opportunities, requirements and support (if applicable)

All students undertake a supervised placement during Level 4 (TH4012 Placement 1) and Level 5 (TH5008 Placement 2). Placements are overseen by LST's Vocational Services. Details relating to placement identification, organisation, supervision and ongoing support can be found on LST's VLE. Modular requirements include the completion of a minimum number of placement hours and submission of supporting paperwork. Students are supported by Vocational Services throughout their placement with initial training, regular communications, mid-year assessment and 1-1 interviews. Placement supervisors are supported with initial training, seminars, regular communications and 1-1 meetings when necessary.

#### 16. Future careers (if applicable)

The BA Theology programme provides excellent provision for future progression in a number of inter-related contexts: as preparation for further academic study in theology, biblical studies, theology and liberal arts, and related disciplines; by developing understanding and skills applicable to local church ministry both within the UK and internationally; and by gaining deeper biblical and theological understanding relevant to a broad number of careers in para-church or professional context including religious education.

### 17. Particular support for learning (if applicable)

Students with disabilities are welcome at LST. Students with any physical difficulty, long-term medical condition, sensory impairment or specific learning difficulty (e.g., dyslexia) are invited to contact the School's Disability Officer in order to obtain information about special educational provision. It is important to make such needs known at the earliest opportunity, to ensure that due provision is made.
